

Nova Needs a Loan

I have to be quick, I have to be quick,
Nova is very very sick

I have no occupation,
I cannot pay for her operation

Nova says “hurry up” on the phone,
I really need a Cash Converters loan

This is not funny, this is not funny,
Nova needs more and more money

My friends are concerned about my spending,
They are sure that Nova is pretending

Nova is crying, Nova is crying,
My friends are telling me that she is lying

The weather is nice, warm, and sunny,
My friends cannot stop me from borrowing money

I will help Nova soon,
I will return my loan before the next full moon

Come what may come what may,
I will borrow a large sum of money today
